

File: Name to DCI

Luchs June,
R

13 May 1980

NOTE FOR: DDCI

SUBJECT : Staff Replacements

A 1. After extensive working with (and prodding of) NFAC for candidates to replace [REDACTED], we finally came up with several potentially good replacements. Out of these I selected the two most likely prospects. They are [REDACTED] (OSR) and [REDACTED] (OPA). I am attaching my copies of their biographic profiles and most recent fitness reports for your review.

2. My plan is to get them on board at least part time in the next few weeks so that they can become familiar with the Presidential Briefing process and be ready to assume full responsibility beginning with the 4 June briefing [REDACTED] last day is Friday, the 30th of May).

3. These people have been selected with the following understanding on the part of all concerned ([REDACTED], their Division Chiefs, Office Directors plus Bruce and Evan): They are here for a nominal one-year rotation; if, at any time, a career-enhancing opportunity opens up in their offices that either the individuals or their offices want to consider them for, they have the opportunity to rotate back to their Divisions and we will seek other replacements; also, if after the first few months, the individuals feel that the job is not what they anticipated it to be or, if I feel they are not really working out, they may rotate back to their Divisions with no prejudice.
